Celebrate the harmony of nature and its gentle healing properties. Extensive relaxation spaces have been carefully designed so that you can experience pure luxury in a wonderfully peaceful rural setting.

The Heritage Spa Experience nourishes both body and soul.

Your journey begins with the ancient ritual of bathing, where the body is heated then cooled through a series of different bathing areas. These spaces have a natural flow, bringing you to a state of deep relaxation. The journey ends in our resting zone where you can drift away to the soothing sounds of nature.

HEAT EXPERIENCE

This ritual dates back thousands of years, with its roots in ancient Roman and Turkish bathing traditions. Each Experience has its own unique cleansing and beautifying properties.

Tepidarium

The Roman Tepidarium was a lukewarm lounging area, usually located in the opulent hall of the spa. Bathers could relax and unwind here, watching the world go by. The radiant heat of our Tepidarium helps to soothe the body, mind and soul, creating a sense of calm and well-being.

Caldarium

A 2000 year old Roman Tradition. The floor benches and walls are heated, offering a dry, warm environment for deep-cleansing the pores.

Steam Bath

A humid heating sensation also known as a Turkish or Roman Steam Bath. Particularly beneficial for the respiratory system. The heat combines with pure essential oils, helping to induce a state of deep relaxation.

Open Hydro-pool

With water fountains for shoulder and neck massage, air loungers for full body massage plus individual jetpacks tailored to specific hydrotherapeutic needs.

Rustic Sauna Cabin

A Finnish tradition offering intense dry heat. An authentic copper kettle disperses aromatic water over hot coals, creating a warm and gently fragrant environment. Perfect for unwinding, de-stressing and resting tired, aching muscles.

Salt Room

Salt Therapy (also known as 'Halotherapy') originated with the Greek and Romans many thousands of years ago. 'Halotherapy' derived from the Greek word halos, meaning 'salt', is a form of alternative medicine which makes use of salt. Perfect for respiratory health, asthma, breathing difficulties & skin conditions.

COOLING EXPERIENCE

Like yin and yang, cooling down is a key part of our spa experience. Cooling the soft tissues not only moderates your core temperature.

It invigorates your body and stimulates the nerve endings, leaving your feeling refreshed and energised.

Elemental Showers

These showers imitate natural rainfall, offering a multi-sensory experience to help cool the body, from soft tropical rain to invigorating ice rain.

Hydro Boost

This immersive hydro experience, incorporating a waterfall shower, bucket douche, body shower and Kneipp hose, has wonderful rejuvenating properties. It helps to stimulate circulation and metabolism, firm the skin and, of course, invigorates the body and soul!

Foot Baths

Foot-baths have been used for millennia, to cleanse the body and the soul. This divine foot therapy literally melts away the stresses of life. Warm water and gorgeously aromatic salts gently soothe and massage the feet, providing deep therapeutic effects.

Resting Zone

Now it's time to commune with nature. Our resting zone is tucked away in a quiet, tranquil area. Lie back, relax, gaze out at the beautiful Laois countryside and let the gentle sounds of nature envelop you.

OUR TREATMENTS

Our philosophy is firmly rooted in the healing properties of nature. That's why we've chosen to partner with ESPA, the leading brand in natural, organic and holistic products. Our treatments are a true expression of nature's gentle healing powers. Each one has been created using a careful balance of products that work in perfect harmony with your skin type.

We believe that to get the right results, it's important that we take the time to listen and get to know your own individual needs. Every one of our ESPA treatments starts with a detailed personal consultation. Your therapist will discuss your needs to find the perfect treatment for you.

We carry out a sensory test to find out which products are best suited to your skin type. Our therapist then creates a personalised treatment that is perfectly in sync with you. That way, you'll benefit from the best results possible. We're here to make your spa journey truly special. If you need anything, just ask.

Normality is a paved road; it's comfortable to walk, but no flowers grow.
