FRÉAMH

At FBD Hotels & Resorts, we believe that true wellness is rooted in authenticity. We wanted to create something that would feel unmistakably Irish – a collection born from our land, our tides, and our people.

To bring this vision to life, we partnered with a 100% Irish-owned wellness creator whose founder has over three decades of experience in the spa world – a true curator of calm, with a lifelong passion for restoring balance and wellbeing.

Together, we designed an exclusive spa and retail collection that honours the rhythms of our island. Each product line is inspired by the natural elements that shape us – the grounding strength of the earth, the fluid movement of the shoreline, the breath of the wind, and the deep calm of the sea.

Every ritual and remedy have been crafted to connect body and mind, to slow the pace, and to draw on the healing qualities of nature. It's a celebration of Ireland's beauty and spirit – brought to life in treatments and products you won't find anywhere else in the world.

Rooted in nature. Guided by the tides
