

BLAKE'S

WINE MENU

Within The Heritage's beautiful lobby is Blake's restaurant. Blake's offers diners an unforgettable dining experience. Using only the finest ingredients to ensure a fuller flavour and availing of the abundance of local Laois produce. Here at The Heritage we are proud of our local food producers and have incorporated them into as many aspects of our menus as we can. We want our guests to enjoy a taste of all things local and Laois and are proud to be a member of Laois Taste supporting local food businesses.

We have introduced a new fine dining wine list. This wine has been developed to complement our award - winning food. You are invited to pair your dish with a selection from our extensive wine list, including noteworthy choices from our restaurant manager. These wines are produced with care by small artisan family run vine growers with a strong connection to the area of production. Great wine is produced in the vineyard by the committed Vigneron and the expert wine maker is the Vintner to exploit the very best from the Vineyard!

A number of our wines are produced through (V) Vegan, (O) Organic & (BIO) Biodynamic Viticulture. We serve a large range of premium wines by the glass as well as Prosecco Spumante and Champagne. We have installed the Wine Preservation System from "Techno Wine". This system ensures that each glass of wine and Champagne is served to perfection every time. Wine is a gift from nature and sometimes nature surprises us, so vintages may change without notice! Thank you for dining with us, we hope you enjoy the experience
